(4-6 minutes) |
|--|

You are getting ready for a **school exchange**. You have decided to give your exchange partner a ring to introduce yourself and tell him about what your life at school is like and share your thoughts about it.

Prepare the following points:

1. *A quick overview of the school day (routine) and what you think about it*
2. *In your school there are many excursions – tell him about a past school trip; where to, what you did, etc.*
3. *Main school rules - what you think about them.*
4. *Tell your exchange partner what he (or you two) will do during his week here. Plan something nice!*
5. *Your school is fantastic but would you change or add anything if you could? Should something change? (facilities / new teachers / places you would like to go with it / rules ...)*
