Dear Parents/Guardians,

## **COMPUTER CODING CLUB – Intermediate - Wednesday Lunchtimes – ITC3**

We are delighted to tell you we have been able to secure Jez Whitworth for a second year to run a lunchtime school computer Coding Club on Wednesdays.

Building on skills developed on the basic course, the intermediate course focuses on students designing and building their own 'choose your own adventure' style game. Games will be created using Python and will help students build further knowledge and confidence in coding.

Pupils will be able to develop important skills including logical and sequential thinking, problem solving and generally gaining confidence with computers. Coding is a beneficial skill in today's computer-focused society.

There are **15 places** available on each six-week course, the first course commences at lunchtime on Wednesday 9<sup>th</sup> October. The cost of the 6 week classes will be £54.00 however in the event that the course is oversubscribed the names will be drawn randomly. Those pupils who are unsuccessful will be placed on a reserve list. There will be five courses held over the school year:
