

Bishop Wordsworth's CE Grammar School for Boys : Change to ParentMail communications from March 2015

Dear Parents

We are aware that some parents opt to receive text messages from our ParentMail system and I believe there is a cost for this service. I therefore felt it prudent to alert you to a change to our communications system **from 9.3.15**. From that date we will no longer use the ParentMail communications system at all; we will use the Tucasi system, which is already in operation. Tucasi, as you know, is a free [email only](#) service for parents.

Any email system is dependent on correct, up-to-date email addresses. If you change your contact details (along with any other personal details), it is vital that you let the School know immediately. Please email Reception on rec@bws.wilts.sch.uk.

Best wishes for the New Year

S D Smallwood
Head Master
