Dear Parent/Guardian,

Revision checklists for years 7 -10 Science Examinations

As boys approach their school exams I would like to make you aware of some resources that your son has been given to help him with his revision. Each boy has received a coloured revision checklist outlining some general revision approaches along with the work that he would be wise to study in preparation for each of his Science exams.

In the event of your son misplacing his revision checklist then electronic copies can be found in the relevant subject area for each year on the school website at

<http://www.bws-school.org.uk/Curriculum-Exams/Science/>

We expect the boys to be reassured by the fact that they should know exactly what could be assessed in the exams. As a result, we are hopeful that time spent revising at school and at home will be effectively targeted and lead to success.

Please do not hesitate to contact me if I can be of any further support.

Yours sincerely,

Dr Emma Baker

Director of Science
