Dear Parents/Guardians

Re: God and the Almighty Big Bang

The Religious Education Department is planning to organise the following visit for Year 8 pupils.

This trip will give the students the opportunity to explore the relationship between Religion and Science through a carousel of activities in Salisbury Cathedral. Speakers include Professor Meric Srokosz and Dr Lesley Southerden who will provide interactive sessions on their research as Christians in science. Physics students from Southampton University with 'Accelerate!' will provide an exciting science show about particle physics and there will also be a chance for students to pose questions to a panel discussing matters of science and faith.
