Demystify Financial Services and Technology roles at J.P. Morgan Bournemouth at our "SkillsMatch" event.

We know that trying to understand career opportunities can be challenging and often filled with jargon.

Therefore, we would like to invite both parents & students to join us for an evening of exploring these options by a slightly different approach. Rather than dazzle you with an array of complicated sounding job titles, we would like to showcase the skills that we value the most so that you can identify the ones you feel your son or daughter can most readily demonstrate. We will then highlight the areas within the firm where those skills are most often applied and what a typical role may include day-to-day.

We will also have people on hand to talk about all our opportunities both whilst at school, as you leave sixth form/college and whilst at or after university.

We very much hope you will join us. We do have limited capacity so will confirm places on a first-come-first-served approach.
