Dear Parents/Guardians

Revision checklists for Years 7 - 10 Science Examinations

With school exams for Years 7-10 taking place before half term this year we have now issued the boys with their Science revision checklists. Each boy has therefore received a coloured revision checklist outlining some general revision approaches along with the work that he would be wise to study in preparation for each of his Science exams. The aim is to have revision lessons within school the week before the exams. By using the checklist the hope is that boys will arrive at these revision lessons with specific areas requiring further clarification which will then allow the teachers to then provide the necessary help.

In the event of your son misplacing his revision checklist then electronic copies can be found in the relevant subject area for each year on the school website at <http://www.bws-school.org.uk/Curriculum-Exams/Science/>

We expect the boys to be reassured by the fact that they should know exactly what could be assessed in the exams. As a result, we are hopeful that time spent revising at school and at home will be effectively targeted and lead to success.

Please do not hesitate to contact me if I can be of any further support.

Yours sincerely

Dr Emma Baker
Director of Science
