Dear Parent/Guardian

AQA GCSE 9 – 1 Mathematics Textbook

We have purchased excellent new textbooks to use in our teaching of the AQA GCSE 9 – 1 Mathematics course. The **AQA GCSE Maths Higher Student Book**, published by Oxford University Press, contains clearly worked examples, plenty of higher level questions and direct links to MyMaths.

These textbooks will remain in the classroom and boys will be able to access an electronic copy (along with on-line video tutorials) using their login to www.kerboodle.com.

If you would also like to purchase a paper copy of the textbook for your son, we can buy them directly from the publisher for **£18.40** which is a 20% discount on the RRP.

AQA GCSE 9 – 1 Mathematics Revision Guide and Workbook

To assist the boys with revising for termly tests and exams, we also have the opportunity to purchase copies of the new **AQA GCSE 9 – 1 Mathematics Revision Guide and Workbook (and Answer book)** published by CGP at the discounted cost of **£6.50** for all three books (RRP is £12.90).

This new grade 9 – 1 edition of the Revision guide is packed with concise, student-friendly explanations of every topic, backed up with plenty of step-by-step examples, plus grade information (on the 9 – 1 scale) to show the difficulty level of each topic. There are also exam-style questions on almost every page, with answers included at the back.

The Workbook is a brilliant source of practice throughout the course! It's brimming with hundreds of indispensable practice questions covering every topic — ideal for drilling the vital skills at home.
