13 November 2018

Dear Parents/Guardians

Year 9 Energiser Workshop – Monday 26 November 2018

I am pleased to inform you that I have invited the Energy Quest team to school again this year and Year 9 will be attending an Energiser Workshop on Monday 26 November. *Tomorrow's Engineers Energy Quest* is funded by Shell and run locally by the Learn by Design Team. This STEM workshop is packed with hands-on activities, careers information and inspirational films from engineers working in energy right now. 9J and 9M will attend the Energiser Workshop in the morning and 9O and 9P will attend in the afternoon.

Students will receive their own workbook to capture learning as they explore concepts of energy generation, sustainability and technologies. The workshop will also give them an opportunity to explore concepts in physics, design and technology and engineering supported by all the kit required.

I hope that Year 9 enjoy their workshop and I look forward to them introducing what they have learnt into their Physics lessons.

Yours sincerely

Michael Thorne
Head of Physics and Geology
