

BWS & Foundation Interim Bulletin

EDITION 2 - JULY 2019

BWS SCIENCE SEEKS ARKWRIGHT ENGINEERING SCHOLARSHIP SPONSORS

*

**MEET BWS NOW IN JAPAN
23rd July - 3rd August 2019**

[View this email in your browser](#)

Arkwright Engineering Scholarships

are awarded after a rigorous 3-stage application process, which our students have passed. They are then *required* to have a Corporate or Personal sponsor / mentor to continue.

BWS students have missed out in the past through lack of sponsors.

Can you help?

Being involved is excellent publicity for your company and great for our future engineers.

Do get in touch with any ideas, thoughts or offers:

rtc@bws.wilts.sch.uk

More Arkwright info at:

<http://www.arkwright.org.uk>

2019 BWS 3-Sports Tour of Japan

Are you in Japan?

Do you know any Wordsworthians or someone with BWS connections in Japan?

Come and support the teams!

Do tell people about the 3-sports tour, leaving BWS this week on Tuesday 23rd, July for Tokyo. The tour group is very keen to meet anyone with a BWS interest - and to have you cheer them on!

The full itinerary along with the year's sports reports and next season's rugby fixtures are on the BWS website:

<https://www.bws-school.org.uk/Sports/Newsletters/files/2019-07%20-%20Sports%20Report.pdf>

Also listed are all the companies and individuals who have made the tour possible - a big thank you to you all!

More BWS Science Success

Winner of the Cambridge University Chemistry Challenge:

William Armstrong. Four BWS also students achieved high positions among the 9,000 entries.
